PROFESSIONAL SUMMARY

Motivated MERN Stack Developer seeking an entry-level software development opportunity to apply skills in React.js, Node.js, Express.js, MongoDB, JavaScript, HTML and CSS. Experienced through internships and projects in building responsive web interfaces, reusable React components, RESTful APIs, CRUD operations, and database-driven applications. Eager to contribute to a development team and deliver reliable solutions.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Responsive Web Design
Backend: Node.js, Express.js, PHP, RESTful APIs
Database: MongoDB, MySQL
Tools: Git, GitHub, VS Code, phpMyAdmin, XAMPP
Core Concepts: CRUD Operations, API Integration, Debugging

INTERNSHIP EXPERIENCE

Website Development Intern | Z6 IT Technologies Private Limited **Jul 2026 - Sep 2026**
- Contributed to real-time website development projects as part of the core website team.
- Designed responsive landing pages using HTML, CSS, JavaScript, and frontend technologies.
- Developed an Event Management Page with responsive UI and structured content sections.
- Converted UI designs into responsive layouts and reusable frontend components.
- Supported website content updates, layout optimization, and cross-browser compatibility.

MERN Full Stack Development Intern | NoviTech Info **Jul 2025 - Aug 2025**
- Built full-stack applications using MongoDB, Express.js, React.js, and Node.js.
- Developed and integrated RESTful APIs with React frontend applications.
- Implemented JWT-based authentication and authorization.
- Used MongoDB for application data storage and backend integration.

PROJECTS

Student Registration System | Technologies: React.js, Node.js, Express.js, MySQL
- Created a student registration form with a React frontend and Express.js backend.
- Created reusable React components and connected frontend views to backend endpoints.

Personal Portfolio Website | Technologies: MERN Stack, React.js, Node.js, Express, MongoDB
- Developed a responsive portfolio website using the MERN stack with modular component architecture.
- Built reusable React components, RESTful APIs, and integrated MongoDB for contact form submissions.

PropFlow CRM Portal | Technologies: HTML, CSS, JavaScript, PHP, MySQL
- Developed a CRM portal for managing property-related information, client leads, and real estate records.
- Used PHP and MySQL for database-driven functionality and optimized record retrieval.

Daily News Update & Management System | Technologies: HTML5, CSS3, JS, PHP, MySQL
- Developed dynamic news website with responsive public interface and authenticated admin CRUD dashboard.
- Implemented admin authentication, role-based access control, multimedia publishing, and user comments.

EDUCATION

B.Tech - Artificial Intelligence and Data Science **Graduated: 2026**
Dhanalakshmi Srinivasan Engineering College (Autonomous), Perambalur
CGPA: 8.4 | SSLC: 98% | HSC: 72%

CERTIFICATIONS & ACHIEVEMENTS

TCS iON Career Edge - Young Professional
Ultimate Beginner’s JavaScript Course - Learnz Development Hub
Microsoft Advanced Excel | Introduction to Software Testing
Completed the Government Technical Examination (GTE) - Junior Grade Typewriting in English.
